ABSENTEE BIDDING:

Bid with confidence from the comfort of your home, simply call any Sale Day Phone or Sale Staff. All phone bidders are required to register for a bidder number before the sale. Registration begins Saturday morning.

ONLINE BIDDING: **LiveAuctions.TV**

Online bidding available through LiveAuction.TV. To register watch or bid please visit www.LiveAuction.TV. Please register prior to sale. For questions or technical support, please call 682-816-4900 or via TechSupport@LiveAuction.TV. After the sale buyers should contact Mobley Auction Service to arrange payment and pickup or delivery of purchase.

TERMS AND CONDITIONS:

Terms of the sale are cash or check. Full settlement must be made to the sales clerk immediately following the conclusion of the sale and before any cattle will be released from the ranch. Unless prior arrangement has been made with seller or Mobley Livestock Marketing.

PURCHASER'S RISK:

All animals are the owner's risk prior to their sale. Each animal will become the risk of the purchaser as soon as sold.

BIDDING:

The auctioneer will settle any disputes as to bids, and his decision on such matters shall be final.

UPDATES AND ANNOUNCEMENTS:

A supplemental update sheet will be available sale day with complete and up to date information. Bulls scrotal circumference plus females breeding and calving reports will be provided. Any changes from any kind in the sale catalog or related materials will be announced from the auction block. Such announcements shall take precedence.

SEMEN INTEREST:

Anthony Red Angus will retain 1/3 (one-third) semen interest on all bulls.

CERTIFICATE OF REGISTRY:

A Certificate of registry for each registered animal will be transferred to the buyer at sellers expense.

BREEDING GUARANTEE:

All animals are guaranteed by the seller as outlined in the Red Angus Association of America Suggested Sale Terms & Conditions.

HEALTH:

Complete health certificates will be provided on all cattle for immediate interstate shipment. Sale Day Veterinarian: Brant Carpenter DVM & Katie Carpenter DVM of Carpenter Vet Clinic in Nocona, TX, 940-825-8509

LIABILITIES:

Anyone previewing the cattle and or attending the sale does so at their own risk. Neither Anthony Ranches and associates, nor Mobley Livestock Marketing and associates, nor anyone connected with the sale will be held liable for injury, property loss or accident that may occur to attendees or to purchased animals. Mobley Livestock Marketing and its representatives acts as an agent only; agreement is between buyer and seller. The responsibility for sold animals passes to the buyer when sold by the auctioneer. Buyers are encouraged to purchase their own insurance on newly bought cattle.

LIVESTOCK MORTALITY INSURANCE:

Insurance will be available on purchased cattle if desired. Contact Plains Horizon Insurance, Marvin Tavarez 830-708-3870.

TRUCKING:

Truckers believed to be reliable will be available to assist with shipping. Ask Mobley Livestock Marketing associates for more information.

SALE ACCOMMODATIONS:

Welcome to the Sale

We would like to personally invite you to our 4th Annual Production Sale on April 3.

We are proud to offer an outstanding set of Registered and Commercial Red Angus Bulls and Heifers in our 2026 sale. This year's offering features several new sires backed by elite genetics, and we are extremely excited about the depth and overall quality represented throughout the entire group.

Our commitment remains the same. We strive to provide high quality bulls and females with strong maternal value, eye appeal, longevity, and performance driven growth traits. All registered cattle are parent verified and come with genomic enhanced EPDs. The bulls have also been carcass ultrasound tested to provide you with complete and accurate data.

Every bull is raised here on our ranch under practical conditions where they are expected to perform. They are developed to maintain their conditioning, structural soundness, and endurance, ready to go straight to work in your herd.

We are passionate about raising Red Angus cattle, and we stand behind every bull and heifer we sell. Customer satisfaction is very important to us. We know our cow herd inside and out and are confident we can help you select the right genetics to fit your program and goals.

Thank you for your interest and support. We look forward to visiting with you on sale day.

God Bless,

Jay Anthony & Family

Jay and Jamie Anthony with daughter Katy Jo

Ty Thompson Family

Kyle and Katy Jo Rasberry

Ranch crew, L to R: William Fair and Hal Rankin.

Red Angus Guide to EPDS and Indexes

ProS... Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

HB..... HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

GM..... GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

CED..... Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

BW..... Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

WW..... Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

YW..... Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

ADG..... Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

DMI..... Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

MILK..... Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

ME..... Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

HPG..... Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

CEM..... Calving Ease Maternal predicts differences in the percent of daughters who are able to calve unassisted as 2-year-old heifers. (Percent/High Value)

STAY..... Stayability predicts differences in the ability of an animals' retained daughters to remain productive in the herd – calve every year – through 6 years of age. (Percent/High Value)

MARB..... Marbling predicts differences in marbling score – amount of intramuscular fat measured at the 13th rib. (Marbling Score Units/High Value)

YG..... Yield Grade predicts differences in USDA Yield Grade, which is calculated using CW, REA and Fat. (Yield Grade Units/Low Value)

CW..... Carcass Weight predicts differences in actual hot carcass weight. (Pounds/High Value)

REA..... Ribeye Area predicts differences in square inches of ribeye area measured at the 13th rib. (Square Inches/High Value)

FAT..... Fat predicts differences in the depth of backfat measured between the 12th and 13th ribs. (Inches/Low Value)

This bull has it all, looks, pedigree, and extremely consistent EPDs and indexes. A Night Star son out of a 13 year old Mastermind cow, one of my favorites in the herd. Top 1% ProS, 4% HB, 4% GridMaster, 3% WW, 2% YW, 3% ADG, 5% HPG, with a 19 Stay. A powerful combination of maternal strength and carcass merit. He is true herd bull material.

Excellent combination bull blending growth, maternal, and carcass value. Sired by a Stockmarket son and out of a Saga Montana daughter, 561 ranks in the Top 4% ProS, HB, and Stay, and Top 6% Marb. A well balanced bull for performance and herd improvement.

Yearling Red Angus Bulls

ANTHONY 535 H FRANCHISE 2157 Lot 24.

Welcome to the 4th Annual Anthony Red Angus Bull and Female Sale!

We are proud to invite you to the fourth edition of the Anthony Red Angus Production Sale. Each year this event continues to grow, drawing cattlemen from across Oklahoma and neighboring states who value dependable, performance driven Red Angus genetics.

Jay Anthony and his family have worked diligently to establish Anthony Red Angus as a trusted source for quality seedstock. Their program is built on strong cow families, outcross pedigrees, and industry leading EPD profiles. As you study this year's offering, you will see cattle designed to move programs forward, whether you run registered Red Angus or a commercial operation focused on efficiency and profitability.

The bulls and females have been developed in Southwest Oklahoma and are adapted to tough, working environments. These cattle are raised to perform in demanding environments such as West Texas and Southwest Oklahoma, where soundness, adaptability, and longevity matter. Each bull selling will have a current semen test, a Breeding Soundness Exam, and GE EPDs, giving you added confidence in your investment.

Along with the registered offering, you will find a select group of commercial Red Angus females that can add value and productivity to any commercial herd.

If you have questions about the cattle or would like assistance evaluating the offering, please reach out to Jay Anthony or me. We look forward to visiting with you at the 4th Annual Anthony Ranches Red Angus Production Sale in Ryan, Oklahoma.

Thank you for your interest and support.

Luke Mobley, 205-270-0999
